The Vietnam War

The Vietnam War was one of the most controversial and divisive wars in American history. The war began in the 1950s, as the United States supported the South Vietnamese government in its fight against the

communist North Vietnamese. The war escalated in the 1960s, as the United States sent hundreds of thousands of troops to Vietnam.

The Vietnam War was a bloody and costly conflict. Over 58,000 American soldiers were killed, and millions of Vietnamese civilians were killed or injured. The war also had a profound impact on American society, as it led to widespread protests and social unrest.

The Vietnam War ended in 1975 with the fall of Saigon to the North Vietnamese. The war left a lasting legacy of pain and division in both the United States and Vietnam.
