Reiser's writing is honest and humorous, and he offers a unique perspective on the experience of being a father. He writes about the things that no one tells you about having a baby, such as the fact that you will spend a lot of time cleaning up poop.

But Reiser also writes about the amazing moments of fatherhood, such as the first time his son smiles at him. He captures the love and joy of being a parent in a way that is both heartwarming and laugh-out-loud funny.
