This book is a comprehensive guide to international commercial law, written by leading experts in the field. It covers a wide range of topics, from the law of contracts to the law of torts, and provides a valuable resource for anyone involved in international business.

The book is divided into five parts:

- **Part I: General Principles of International Commercial Law**

- **Part II: The Law of Contracts**
- **Part III: The Law of Torts**
- **Part IV: Other Topics in International Commercial Law**
- **Part V: Essays in Honour of Francis Reynolds**

Part I provides an overview of the general principles of international commercial law, including the sources of law, the conflict of laws, and the role of international organizations. Part II examines the law of contracts in detail, covering topics such as offer and acceptance, consideration, capacity, and illegality. Part III discusses the law of torts, including topics such as negligence, defamation, and product liability. Part IV covers a range of other topics in international commercial law, such as intellectual property law, competition law, and bankruptcy law.

Part V of the book is a collection of essays in honour of Francis Reynolds, one of the world's leading experts in international commercial law. These essays cover a wide range of topics, from the history of international commercial law to the future of the field.

This book is an essential resource for anyone involved in international business. It provides a comprehensive overview of the legal framework governing global commerce, and it offers valuable insights from leading experts in the field.
