So You Really Want to Be an Arbitrator: A Comprehensive Guide to Dispute Resolution

Arbitration has become an increasingly popular method of resolving disputes in a wide range of industries. As a result, there is a growing demand for qualified arbitrators. If you are interested in a career as an arbitrator, this comprehensive guide will provide you with all the information you need to know to get started.

What is Arbitration?

Arbitration is a form of dispute resolution in which parties to a dispute agree to submit their claims to a neutral third party for a binding decision. The arbitrator hears evidence from both sides and then issues a decision that is legally binding on the parties.

Types of Arbitration

There are many different types of arbitration, each with its own rules and procedures. Some of the most common types of arbitration include:

- Commercial arbitration is used to resolve disputes between businesses.
- Consumer arbitration is used to resolve disputes between consumers and businesses.
- Employment arbitration is used to resolve disputes between employees and employers.
- International arbitration is used to resolve disputes between parties from different countries.

Benefits of Arbitration

There are many benefits to using arbitration to resolve disputes, including:

- Arbitration is faster and less expensive than litigation.
- Arbitration is more private than litigation.
- Arbitration can be more flexible than litigation.
- Arbitration is binding on the parties, which means that the parties cannot appeal the arbitrator's decision.

Qualifications for Arbitrators

To become an arbitrator, you must meet certain qualifications. These qualifications vary depending on the type of arbitration you want to do. However, some general qualifications include:

- A strong understanding of the law.
- Experience in dispute resolution.

- Excellent communication and negotiation skills.
- Impartiality and fairness.

Training and Education for Arbitrators

There are a number of training and education programs available for arbitrators. These programs can help you develop the skills and knowledge you need to be an effective arbitrator. Some of the most common training programs include:

- American Arbitration Association (AAA) arbitrator training.
- National Arbitration Forum (NAF) arbitrator training.
- International Institute for Conflict Prevention and Resolution (CPR) arbitrator training.

Finding Work as an Arbitrator

Once you have the training and experience necessary to become an arbitrator, you can start looking for work. There are a number of ways to find work as an arbitrator, including:

- Joining an arbitration panel.
- Networking with other arbitrators.
- Marketing your services.

If you are interested in a career as an arbitrator, this guide has provided you with all the information you need to get started. With the right training and experience, you can become a successful arbitrator and help to resolve disputes in a fair and efficient manner.
