Law and religion are two of the most fundamental aspects of human society. They shape our beliefs, our values, and our behavior. But the relationship between law and religion is complex and often contentious. In the United States, for example, the First Amendment to the Constitution guarantees religious freedom, but it also prohibits the government from establishing a religion.

The Library of Essays on Law and Religion is a multi-volume series that explores the complex relationship between law and religion from a variety of perspectives. Volume IV of the series, recently published by Oxford University Press, delves into the following topics:

\* The Establishment Clause

- \* Religious Freedom
- \* The Role of Religion in Public Life

The volume features essays by leading scholars from around the world, including:

\* \*\*Michael W. McConnell\*\* , Richard and Frances Mallery Professor of Law, Stanford Law School \* \*\*Ira C. Lupu\*\* , Robert W. Woodruff Professor of Law, Emory University School of Law \* \*\*Richard W. Garnett\*\* , Paul and Daisy Soros Professor of Law, University of Notre Dame Law School \* \*\*Marci A. Hamilton\*\* , Paul R. Verkuil Chair in Public Law, University of Pennsylvania Law School \* \*\*Douglas Laycock\*\* , Robert E. Scott Distinguished Professor of Law, University of Virginia School of Law

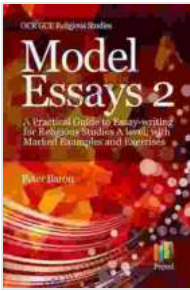

The essays in Volume IV of the Library of Essays on Law and Religion provide a comprehensive and up-to-date overview of the current state of scholarship on law and religion. They are essential reading for anyone interested in the relationship between these two fundamental aspects of human society.
