Description

This book explores the interplay between international European and domestic norms, examining how they interact and influence each other. It brings together leading scholars from various disciplines to provide a comprehensive analysis of this complex relationship.

The book is divided into three parts. The first part examines the theoretical underpinnings of the interplay between international European and domestic norms. The second part explores this interplay in a variety of specific policy areas, including human rights, environmental protection, and economic regulation. The third part assesses the implications of this interplay for the future of European integration.

This book is essential reading for scholars and students of European integration, international relations, and comparative politics. It provides a valuable contribution to our understanding of the complex relationship between international and domestic norms.
